DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 06/11/2010 has been entered.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Sam Woodley on June 21, 2010.

The application has been amended as follows:

In the claims:

Please cancel claims 7-9.

Claims are cancelled by attorney/applicants without prejudice or admission.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: with submitted declarations to show diligence during the time period required, applicants have overcome the Kley reference. The Kley reference was the closest prior art. Jones was previously applied as a diamond film-forming method by Jones but did not include suggestions to cover part of the substrate or use ultrasonic nucleation. Blocking a zone of the surface to form a composite being partially uncoated with diamond film is taught by Kley and the ultrasonic nucleation step is suggested by Linares - combining the teaching of Kley with that of Jones would still not be prior art. Such teachings have not been otherwise identified in the prior art by the examiner in a manner applicable to Jones or other prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JOSEPH MILLER JR whose telephone number is (571)270-5825. The examiner can normally be reached on Mon-Thurs, 7am-4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Meeks can be reached on (571) 272-1423. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
